

STROKE

DIABETES

HEART DISEASE

Early Detection is Key to Prevention

**PREVENTIVE HEALTH SCREENINGS CAN
DETECT YOUR RISK FOR SERIOUS DISEASE**

80% of stroke victims have no apparent warning signs or symptoms.

Using advanced ultrasound technology, Life Line Screening can see inside your arteries to help determine your **risk of stroke**.

When **detected early**, 4 out of 5 strokes can be prevented.* It is now possible for you and your doctor to do something before it is too late.

What's Inside Your Arteries?

NORMAL
Blood flows easily.

MODERATE
Blood flow reduced.

SIGNIFICANT
Blood flow is halted.

Life Line Screening ultrasound technician performing a carotid artery screening to look for fatty plaque buildup.

A Stroke Screening is Coming to Your Neighborhood:

Join the nearly 8 million people who have been screened. Appointments are limited, register today.

Trusted by Hospitals Nationwide.

Life Line Screening has **partnered with over 180 hospitals** across the country and has **screened nearly 8 million participants**. Why? Because the ultrasound screenings that we offer **can help save your life**.

Stroke/Carotid Artery Screening — \$60.00

Ultrasound scan of the carotid arteries that screens for buildup of fatty plaque — a leading cause of strokes.

Heart Rhythm Screening (Atrial Fibrillation) — \$60.00

A quick and easy test using EKG electrodes placed on the arms and legs to identify the presence or absence of an irregular heartbeat.

Abdominal Aortic Aneurysm Screening — \$60.00

Ultrasound screening for an abdominal aneurysm (enlargement) that could lead to a ruptured aorta.

Peripheral Arterial Disease Screening — \$60.00

Evaluates for peripheral arterial disease (PAD) in the lower extremities, which increases the risk of heart disease.

Osteoporosis Risk Assessment — \$35.00

Ultrasound screens the heel for bone mass density. Osteoporosis is painless and silent in its early stages.

PACKAGE 1

Stroke, Vascular Disease & Heart Rhythm Package — 4 tests for only \$139!

PACKAGE 2

Add an Osteoporosis Screening for only \$10 more — 5 tests for only \$149!

A \$116 savings!

Screening results are provided to you in 21 days. We direct all participants with abnormal results to take the report to their physician. Appropriate modification of stroke risk factors (including high blood pressure, smoking, heart disease, diabetes and poor diet) is also necessary for stroke prevention. Our screenings cannot detect all forms of stroke. All tests are for screening purposes only. You should consult with your personal physician regarding your screening results. Insurance Note: Life Line Screening does not participate in the Medicare program and the cost of our screening services is not covered or reimbursable by Medicare. Life Line Screening does not file insurance claims nor provide referrals to any physician's group or hospital. Screenings in California are provided by Life Line Mobile Screening, a physician owned practice. Screenings in Kansas are performed by Life Line Screening of America, Ltd. on behalf of Life Line Screening Physicians, P.A. Screenings in New Hampshire, New Jersey and New York are performed by Life Line Medical Screening, LLC (Dr. Andrew Manganaro, 70 Niagara Street, Buffalo NY, 14202). Life Line Screening does not engage in the practice of medicine in those states. This information is not intended to induce referrals by Life Line Screening to Life Line Medical Screening, LLC for any professional medical service. Texas residents: Physician authorization is required. A Life Line Screening affiliated physician will provide authorization for you if you qualify. Cancellation Policy: A full refund is issued if you call to cancel at least 2 days prior to your appointment. If less than 2 days' notice is given, we will issue a Gift Card for the full amount to be used by you, or anyone you choose, to purchase future screening services.
